EE4930 Advanced Microprocessor
Section 011/021, Winter 2022/23

Professor: Kerry R. Widder, Ph.D.
Electrical Engineering and Computer Science Department
Milwaukee School of Engineering

Laboratory report requirements

The laboratory reports should have the following format:

1. Header:
   a. Name
   b. Course
   c. Lab number and title
   d. Date
2. Objectives – brief summary in your own words of what the objectives of the lab were.
3. Description – brief description of what you did in the lab.
4. Conclusions – brief discussion about the results of the lab, including what you learned, any difficulties encountered and how you overcame them, any surprises you encountered, etc.
5. Attachments as required.

Parts 1 – 4 should be no more than a total of one page in length and must be typed.

Reports must be single-sided.
